

**Sushobhan Sen, PhD**

Department of Civil and Environmental Engineering, Benedum Hall, University of  
Pittsburgh, 3700 O'Hara St, Pittsburgh, PA 15261

[sus128@pitt.edu](mailto:sus128@pitt.edu) ◦ [sushobhansen.github.io](https://sushobhansen.github.io) ◦ [linkedin.com/in/sushobhansen](https://linkedin.com/in/sushobhansen)

**EDUCATION**

**University of Illinois at Urbana-Champaign (UIUC)** Urbana, IL

*Doctor of Philosophy in Civil Engineering* December, 2019

Thesis topic: Role of Pavements in Urban Energetics *GPA: 4.0/4.0*

Committee members: Dr. Jeffery Roesler (UIUC, Chair), Dr. Imad Al Qadi (UIUC), Dr. Arif Masud (UIUC), Dr. Jeremy Gregory (MIT), and Dr. John Harvey (UC Davis)

**University of Illinois at Urbana-Champaign (UIUC)** Urbana, IL

*Master of Science in Civil Engineering* August, 2015

Thesis Topic: Impact of Concrete Pavements on the Urban Heat Island *GPA: 4.0/4.0*

Thesis adviser: Dr. Jeffery Roesler (UIUC)

**Indian Institute of Technology Roorkee** Roorkee, India

*Bachelor of Technology* May, 2013

Major: Civil Engineering *GPA: 9.5/10.0*

Awarded the Institute Silver Medal

**WORK EXPERIENCE**

*University of Pittsburgh*

**Postdoctoral Associate** January, 2020 - Present

Conducted research in fracture mechanics, finite element modeling, bonded concrete overlays, urban heat islands, and viscoelastic modeling. Supervisors: Dr. Lev Khazanovich and Dr. Julie Vandenbossche.

*ePAVE, LLC*

**Technical Intern** June, 2018 - August, 2018

Prepared material specifications for a cool pavement coating, co-authored a white paper on cool pavements, and assisted in writing an NSF SBIR proposal.

**TEACHING EXPERIENCE**

*University of Pittsburgh*

**Course Assistant in Finite Element Method** September - December, 2020

Taught ABAQUS and trained 17 seniors and graduate students on writing custom MATLAB code for FEM analysis.

*University of Illinois at Urbana-Champaign*

**CEE Transportation Instructional Fellow** January - May, 2017, January - May, 2019  
Instructor-of-record in a senior design class on roadway geometric design, consisting 50-70 of juniors, seniors, graduate, and online students. Responsible for the entire life cycle of the course.

**Graduate Teaching Assistant** January - May, 2016, January - May, 2018, August - December, 2018, March - May, 2018

Teaching assistant for classes on roadway geometric design (50-70 students), disaster impact assessment in Puerto Rico (12 students), and teaching and leadership (55 students).

**Python Workshop Instructor** April & October, 2019

Conducted Python programming workshops for about 20 graduate students, hosted by various student organizations.

#### Proposals

- (P1) *A community-enabled machine learning tool to mitigate heat pollution in Pittsburgh* (2020). Proposal to the Mascaro Center for Sustainable Innovation at the University of Pittsburgh. PI: Khazanovich, L., Co-PI: Sen, S.
- (P2) *A machine learning tool for climate-resilient pavement management in urban areas* (2020). Proposal to the Federal Highway Administration. PI: Khazanovich, L., Co-PI: Sen, S.
- (P3) *Multi-Functional Concrete Inlays* (2014). Proposal to the University Transportation Center for Highway Pavement Preservation at Michigan State University. PI: Roesler, J.
- (P4) *Fatigue and Fracture of Fiber Reinforced Cementitious Bonded Overlay for Asphalt Pavement Preservation* (2015). Proposal to BASF GmbH. PI: Roesler, J.
- (P5) *SBIR Phase I: An Environmentally Sustainable Surface Treatment for Pavement Preservation: Research & Development Study* (2018). Proposal to the National Science Foundation. PI: Moradian, K.
- (P6) *Best Practice Guidelines for Cool Pavements* (2019). Proposal to RMC Research & Education Foundation. PI: Roesler, J.

#### Patents

- (A1) **Sen, S.**, Roesler, J., and Dahal, S. *D-SPARC: A Discrete Spectral Reflectometer for Rapid Albedo Measurement*. Disclosure filed (2020).

## HONORS AND AWARDS

### Illinois Center for Transportation

#### PhD Student Symposium Award

October, 2017

Awarded second place among a cohort of 50 top international PhD students in pavement engineering.

11<sup>th</sup> *International Conference on Concrete Pavements*

**Bengt F. Friberg Award for Best Paper by a Young Author** August, 2016

Awarded best paper out of over 100 peer-reviewed manuscripts from around the world.

*University of Illinois at Urbana-Champaign*

**Mavis Future Faculty Fellowship** August, 2017 - July, 2018

Awarded a fellowship among engineering PhD students to be trained for a career in academia.

**CEE Transportation Instructional Fellowship** January, 2017 & 2019

Awarded a fellowship to teach a senior design course in the Department of Civil and Environmental Engineering.

**Teacher Scholar Certificate** May, 2018

Earned a certificate in pedagogical scholarship by designing teaching materials, engaging with the literature, and gaining extensive teaching experience.

**Graduate Teacher Certificate** May, 2018

Earned a certificate in teaching based on teaching experience and participation in teacher training activities.

**Ravindar K and Kavita Kinra Fellowship** August, 2013 - July, 2014

Earned a competitive private fellowship to engage in research for 1 year as an MS student.

*Indian Institute of Technology Roorkee*

**Institute Silver Medal and Other Honors** October, 2013

Earned several awards for finishing at the top of the Civil Engineering class of 2013.

*German Academic Exchange Service (DAAD)*

**Working Internships in Science and Engineering (WISE) Scholarship** May, 2012

Awarded a scholarship to engage in summer research at Technical University Munich (TUM).

## INVITED TALKS

(N1) *Microscale urban heat islands: cooling your neighborhood*. Invited talk to the Department of Civil and Environmental Engineering, Carnegie Mellon University (2020)

(N2) *Phase change materials for urban heat island mitigation*. Invited talk at webinar organized by the Transportation Research Board Committee on Sustainable and Resilient Pavements (2020)

## LEADERSHIP AND SERVICE

*Transportation Research Board*

**Sustainable and Resilient Pavements Committee** January 2014 - Present

Presented in annual meetings and sessions as a friend of the committee, helped organize a widely-attended webinar on urban heat islands and pavements, and co-authored a technical

circular on cool pavements.

*International Society for Concrete Pavements*

**Webmaster and student member**

July, 2015 - December, 2019

*University of Pittsburgh Postdoctoral Association (UPPDA)*

**University Senate Bylaws and Procedures Committee** September, 2020 - Present  
Postdoctoral representative to the committee

**UPPDA Gender and Racial Equity Sub-committee** September, 2020 - Present  
Coordinator for the affinity group for postdocs from under-represented backgrounds

*University of Illinois at Urbana-Champaign*

**ITE UIUC Student Chapter**

August, 2015 - August, 2017

Secretary of the Institute of Transportation Engineers (ITE) Student Chapter.

**IGSA at UIUC**

August, 2013 - August, 2019

President of the Indian Graduate Students Association (IGSA) at UIUC from August, 2014 - August, 2015 and webmaster from August, 2015 - 2018

**Peer Reviewer**

August, 2014 - Present

Provided peer-review for manuscripts submitted to the International Journal of Pavement Engineering, International Journal of Life Cycle Assessment, Solar Energy, Environmental Research Letters, Atmospheric Environment, Journal of Transportation Engineering: Part B (Pavements), Journal of Cleaner Production, Transportation Research Record, Urban Science, Measurement, Journal of Nondestructive Evaluation, Urban Climate, Energies, Sustainability, Sustainable Energy Technologies and Assessments, Construction and Building Materials, and the International Journal for Heat and Mass Transfer
